- Credit & Debit Processing
- Check Processing
- AMG SecurePay
- AMG Bill Pay
- e-Commerce Solutions
- Gift & Loyalty Card Programs
- Cash Advance

**"We have used Advanced Merchant Group for our credit card processing for the past several years. We have been very pleased with the service they provide and the cost savings we have experienced by utilizing AMG. These savings are even more significant given the continuing increase in the number of online transactions. I would be pleased to recommend AMG to anyone looking to save money on their credit card processing."**

Clark Shuster, President  
Lower Bucks County Chamber of Commerce

As the exclusive Credit Card Processing provider for the LBCCC Member Benefits Committee over the past six years, AMG has saved dozens of Chamber members thousands of dollars off of their previous credit card processing costs. Even while other companies have increased their costs, AMG has always worked hard and fought to keep all rates and fees as low as possible for LBCCC Members.

With many businesses struggling in this economy, there has never been a better time to cut costs wherever possible, or venture into new ways to bring more revenue to your business.

**"AMG,**

**Thank you for all of your assistance with our credit card processing account.**

**From setting up the account, to showing us how to use the terminal and tracking our sales - it was seamless. Since accepting credit cards, we have been able to produce and deliver our customers' projects to them quicker so that they can begin marketing their products and services faster."**

Lisa Kruse  
President  
Angelmark Associates, Inc.

*Processing... the way it should be™*
